

Fall 2008 Deduction Schedule

Below is the Fall 2008 deduction schedule for GatorGradCare premiums. The first column indicates the pay dates from which the deductions will be taken. There will be seven total deductions for the fall. The deductions listed under the "Student" column are for UF Departmental/Grant purposes only. These deductions will not affect the Graduate Assistants' net pay in their paychecks. The deductions listed under the "Spouse/Partner," "Each Child," and "All Children" columns are for informational purposes to those Graduate Assistants who enrolled their dependents through the online GatorGradCare enrollment. These deductions will affect the Graduate Assistants' net pay in their paychecks. Only the fall deductions will be taken during the fall term, even if the Graduate Assistant submitted an annual or fall/spring GatorGradCare enrollment.
